

# Explore 5 Handheld Electronic Magnifier

## Quick Overview

- **HD image quality:** Brilliant 5" LCD screen & sharp HD autofocus camera
- **2X-22X magnification:** Sharpness and clarity at the touch of a button
- **Customizable:** More than 18 enhancement modes
- **The smallest, lightest 5" HD handheld electronic magnifier**
- **3 modes of use:** Straight out of your pocket, with folding handle or tabletop use
- **Long-lasting battery:** 3,5 + hours of continuous use from a single charge
- **TV output:** Display enlarged pictures and text on your TV
- **Image gallery:** Can store 1000s of images for viewing anytime
- **Durable:** Magnesium alloy bezel protects camera from mishandling and impacts

## Best image quality packed into a portable powerhouse

Ease of use and outstanding ergonomics make the explore 5 the device of choice for active people looking for an electronic magnifier they can take everywhere they go. From magnifying restaurant menus to the fine print on documents, packaging and more. The explore 5 makes life easier for anyone with vision problems.

The explore 5 is ready to use the moment you take it out of your purse or pocket. No instructions necessary. The large, bright buttons are intuitive and simple, and its key features are designed to help in every situation.

A smart choice for active people with mild to medium-severe low vision who need variable magnification and contrast enhancement, the explore 5 is designed to help them on the go, at school, at work... everywhere.
