

Reveal 16i

Reveal 16i is a smart all-in-one device that allows you to video chat with friends, check your emails, watch videos on YouTube, download applications from Play Store and have all the printed material read to you thanks to its integrated Optical character recognition (OCR) and Text-to-speech (TTS) capabilities. You can also open your books and take digital notes before sharing them with others thanks to Reveal 16i. Reveal 16i is an ideal tool that adapts to you rather than you to it. It has an integrated touchscreen allowing you to customize your experience. You can choose to use the touchscreen like you would with a tablet or use the buttons.
