

The most versatile low vision device

Built upon eSight's clinically-validated technology is used daily by thousands of people with over 20 different serious eye conditions causing visual acuity from 20/60 to 20/1400, eSight 4 takes sight enhancement to a new level. Experience best visual acuity, unmatched mobility, ease of use, and new mobile and cloud-based capabilities.

eSight at school, work, home, and play

Empowering people with low vision and legal blindness to see new possibilities with the device's thoughtful features and life-changing benefits.

Best Visual Acuity

Enabling more people who are legally blind to achieve 20/20 enhanced vision.

- Best-match camera and lens technology projects a superior image onto 2 high resolutions screens (one per eye) for full binocular vision
- Advanced sensors, proprietary algorithms, and powerful processing provide the brain with highest quality visual information
- Adjustable pupillary and screen distance ensures the perfect view for you
- The result? Dramatically improved vision, whether looking near or far

Advanced Features with a Tap

- See tiny details with freeze, save, and 24X zoom
- Adjust your color and contrast settings
- Move between TV, reading, indoor, outdoor & custom vision modes
- Choice of headset controls, wireless remote, and Apple® and Android® mobile apps

Ready for life on the go: Thoughtfully crafted to move seamlessly through the day, from reading to activities indoors and out.

- Wireless and hands-free device with built-in controls
- Incorporates natural peripheral vision for 100% mobility retention
- Patented bioptic tilt: Tilt down for enhanced vision and up to connect face-to-face or to walk in new places
- Innovative easy-swap rechargeable batteries: each with up to 3 hours of cont. use

Designed for all-day comfort and use: Lightweight and streamlined with no weight on the nose, wear eSight 4 for hours at a time.

- Halo comfort band adjusts to size with inner lining that feels good on the skin
- Unique back battery perfectly balances weight for carefree wearing
- Fits comfortably over prescription glasses for even greater enhanced vision

Connected Entertainment: Maximize your screen viewing pleasure.

- Take photos and videos and optionally share them using your smartphone
- Stream movies from your phone or TV directly to your eSight
- View and control your phone or computer screen right on your eSight

Easy to Use and Learn: Features onboard help, eSupport, and Shared accounts.

- Enjoy immediate enhanced vision
- Easily master advanced controls with graduated learning
- Invite loved ones to see what you see and help customize your experience
- Get automatic, cloud-based updates
