AbilityOne 

By Chicago Lighthouse Industries

A family of quality products from Chicago Lighthouse Industries

Since 1906, The Chicago Lighthouse has been a leader in comprehensive vision care and social services that improve the quality of life for patients, clients and their families

Our social enterprises are a unique blend of mission and business. We have operations in the areas of manufacturing, retail and customer service that provide meaningful career opportunities for individuals who face barriers to employment. In addition, these operations serve as revenue streams to supplement other Lighthouse programs and services. This double bottom line model of social enterprise creates greater self-sufficiency and sustainability as an organization, allowing us to continually meet the growing and diverse needs of our patients, clients and employees.

UNDER DESK – SLIDE-OUT KEYBOARD TRAY | Clamp-on

Upgrade your workspace with an ergonomic keyboard slider tray. This sleek accessory clamps on the work surface, mounting the tray under the work surface. The tray features 3 height adjustment options and a sliding rail. Fits standard and extra-large keyboards, plus a computer mouse and pads. The clamp is made of metal and does not require tools. The tray is made of plastic and measures 27.5" W x 12" D. Total width including clamp attachments is 32".

NSN 7110-01-713-5954

- Save workspace by moving keyboard and mouse from the desktop
- Three height adjustments allow user to select preferred work position and proper hand positioning
- Ergonomic design enhances health posture and comfort when typing
- Smooth-moving rails allows the tray to slide in and out effortlessly
- Easy installation; fits onto surface edge up to 1.5" thick with sturdy metal clamps

ERGONOMIC LAPTOP RISER

Raise your productivity by raising your laptop to your eye level. A laptop riser elevates any size laptop or tablet for an ergonomic screen position. The stand is 9.5" wide, made of sturdy, lightweight aluminum, angle and height adjustable, and folds flat for storage. Vented design and anti-slip pads keep devices in place and prevent overheating.

NSN 7110-01-713-6390

- Raises laptop or tablet screen height and viewing angle to improve posture and help prevent eye, neck, and back strain
- Sturdy aluminum construction with air circulating slots to aid cooling
- Adjustable height from 1.5" – 8" and robust enough to support even the heaviest laptops
- Rubber grip pads provide a soft surface and help hold the laptop in place.
